

LAND DECISIONS ARE MADE KNOWN

State Loses Selections of Coal Lands to Government and Private Individuals.

Decisions handed down by the register and receiver of the local land office in four cases were made known Friday. One case, in which much interest had been shown, was that of the United States against the state of Utah, involving all of section 2, in township 15 south, range 6 east, in Emery county, except the southwest quarter, the northeast quarter, the east half of the southwest quarter and the southwest quarter of the southeast quarter, this being a school section, under the grant to the state.

It was argued that prior to statehood the land was known as coal land, and it was held by the government that the land was more valuable for mineral purposes than for the state purposes. The decision was in favor of the United States, the recommendation being that the selection of the state be cancelled as to this land.

Testimony was taken at Washington, Mt. Pleasant and Salt Lake.

In the case of Rufus C. Hill against the state of Utah, involving a 100-acre section of land in Emery county, a decision was given in favor of Hill. The property is in township 16 south, range 8 east, on which Hill had filed a cash coal application.

In the case of the United States against Joseph Olsen, involving a homestead entry in township 22 south, range 8 east, near Emery, a decision was handed down in favor of the government, on the claim that Olsen had not established the fact of a legal residence.

A similar decision was handed down in the case of the United States against Mary Anderson, involving land in the same township as in the Olsen case.

SHEEP BLEAT; WOMEN SCREAM; MAN ESCAPES

Exciting Scenes on West Second South Street During a Stampede.

Mary's little lamb and about 100 of his fellow woolly-backs completed blockaded traffic on West Second South street below Third West street at 3:30 o'clock yesterday afternoon when a flock, in charge of James Flynn, stampeded to the terror of small children and the alarm of woman pedestrians. The flock was first separated by a passing street car and frightened haw-haws ran over each other in their eagerness to escape the dread juggernaut of the city "trail."

Two women were caught in one section of the frightened flock. The way they screamed proved that they were not accustomed to playing "Mama" to "little lambs" in the aggregate. A man who attempted to check the stampede up Second South street was knocked from his feet and only escaped being trampled on by climbing a picket fence.

Two or three wistful-eyed negroes hung upon the outskirts of the crowd that gathered and mutton stock immediately showed a deprecation. Street cars and autos found their way blocked by sheep that "milled" in several places. Street urchins, some of whom did not know whether they were chasing sheep or coyotes, aided in restoring order, and with the exception of about half a dozen "muttons" which escaped out Third West street, all of the sheep were finally herded and started again on their way.

Smith Drug Co., Inc., "The Busy Corner," Smith Drug Co., No. 2, 106 So. Main St., and Druehl & Franken, 271 S. Main St., Offer a Remedy for Catarrh. The Medicine Costs Nothing if it Fails.

When a medicine effects a successful treatment in a very large majority of cases, and when we offer that medicine on our own personal guarantee that it will cost the user nothing if it does not completely relieve catarrh, it is only reasonable that people should believe us, or at least put our claim to a practical test when we take all the risk. These are facts which we want the people to substantiate. We want them to try Rexall Mucic-Tone, a medicine prepared from a prescription of a physician with whom catarrh was a specialty, and who has a record of thirty years of enviable success to his record.

We receive more good reports about Rexall Mucic-Tone than we do of all other catarrh remedies sold in our store, and if more people only knew what a thoroughly dependable remedy Rexall Mucic-Tone is, it would be the only catarrh remedy we would have any demand for.

Rexall Mucic-Tone is quickly absorbed and by its therapeutic effect tends to disinfect and cleanse the entire mucous membrane tract, to destroy and remove the parasites which injure the membrane, to soothe the irritation, and to heal the soreness, stop the mucous discharge, build up strong, healthy tissue to relieve the entire system of the eased matter. Its influence is toward stimulating the mucous cells, adding digestion and improving nutrition until the whole body vibrates with healthy activity. In a comparatively short time it brings about a noticeable gain in strength, good color and feeling of buoyancy.

We urge you to try Rexall Mucic-Tone, beginning a treatment today. At any time you are not satisfied, simply come and tell us, and we will quickly return your money without question or quibble. JAIL BREAKS STUBBORN WILL OF E. D. BARTLETT

Denver & Rio Grande Engineer Now Promises to Pay Alimony and Is Released.

Edward D. Bartlett, an engineer on the Denver & Rio Grande railroad, has learned a lesson. He is now out of the county jail, after incarceration since July 30 last. Last June he was ordered to pay Mrs. Mary E. Bartlett \$7.50 a week alimony. After a time the engineer stopped payments. When cited into court he told Judge M. L. Ritchie he was tired of handing out money, and she would get no more.

"I will go to jail and rot there before I will pay any more alimony," Bartlett declared, when Judge Ritchie found him in contempt of court on July 30 and ordered him sent to jail.

Bartlett had a stubborn will and stuck to his resolution more than a month. Oct. 8 he told Judge Ritchie he had enough of jail life, but refused to make any definite promises. So back he went to jail.

Yesterday Bartlett was again before Judge Ritchie. A few days ago he received \$50 from his mother and he paid \$25 to the court for his wife, and promised to pay the rest as soon as able. He was really penitent and contrite, so Judge Morse ordered him released.

"MESSAGE TO GARCIA" CARRIER QUITS ARMY

Major Andrew S. Rowan of the Fifth Infantry, stationed at Fort Douglas, will retire from army life in December. Major Rowan announced his intention of resigning some time ago. Dispatches from Washington received yesterday confirm the report.

Major Rowan has a place in history. When the war with Spain broke out he carried the famous communication of the United States government to General Garcia in the heart of the Cuban jungles and established a line between the rebel troops and those of United States. Elbert Hubbard immortalized the deed with his famous essay, "A Message to Garcia."

It will be colder tonight and Sunday.
